The Brave Spider

In the kitchen on the very top shelf lived a little black spider that was very lonely. He	18
watched the family eat breakfast. He watched the family eat lunch. He watched the	32
family eat dinner. He wanted to come down and visit the family, but he was afraid of	49
heights. He was stuck on top of the shelf. One day, a fly happened by.	64
"Why are you so sad?" asked the fly.	72
"I want to get down, but I am afraid of falling."	83
The fly buzzed around him. He flew up and he flew down, he flew front and he	102
flew back. He flew in a circle twice!	108
"Wow, you are really good at flying," said the spider.	118
"I'm just very brave," said the fly. "You can do anything if you are brave."	133
The spider watched his new friend fly a little bit longer. He wanted to be brave like him.	151
Maybe if he was brave, he could get down from the shelf. He made sure he was stuck to	170
his web. Then he closed his eyes. He took a deep breath. He counted to three.	186
One.	187
Two.	188
Three.	189
The spider jumped off the shelf. He was flying. He was brave.	201
