## LUNCH MENU

# May

2017

### Did you know?

Spinach is called a superfood for a reason: It's packed with vitamins A and C, which are essential for eye health, immune function and many other body processes. Vitamin K helps build strong bones. Spinach also contains folate and iron, which help prevent anemia. The magnesium and potassium are important for muscle development and growth. http://www.eatright.org/resource/food/planning-and-prep/cooking-tips-and-trends/make-a-fresh-start-with-spring-foods
